NC DEPARTMENT OF **HEALTH AND HUMAN SERVICES**

If you have any questions, issues or requests, please go to the CVMS Help Desk Portal[*] at **https://ncgov.servicenowservices.com/csm_vaccine**

You can also call the COVID-19 Vaccine Provider Help Desk at **(877) 873-6247** and select option 1. The COVID-19 Vaccine Provider Help Desk is available during the following hours:
Monday to Friday: 7 am – 7 pm ET
Saturday & Sunday: 8 am – 4 pm ET

[*] On the home page of the CVMS Help Desk Portal, select Login at the top right-hand corner, then select the "**Vaccine Provider**" option to submit your question, issue, or request.

Providers that are first time users of the CVMS Help Desk Portal will have to follow the steps below:

1. Register for an account by clicking 'Register' in the top right-hand corner

2. Populate your first name, last name, and business e-mail

3. You will receive an e-mail with your username and temporary password to log into the portal

Overview

Overview

As a Healthcare Organization, you can upload recipients' information into the CVMS Provider Portal for them to register in the COVID-19 Vaccine Portal. The intention is to have recipients registering PRIOR their vaccination, saving you some time. However, this step is not necessary if you register them the day of their vaccination instead.

The Recipient Bulk Upload Process is carried out by the **Healthcare Location Manager** profile**.**

And lastly, you will need to:
- Use the latest version of Chrome, Edge Chromium, Firefox, or Safari browsers (Internet Explorer and Edge (non-Chromium) browsers are not supported)
- Log in the CVMS Provider Portal using your NCID username and password at https://covid-vaccine-provider-portal.ncdhhs.gov

Now, let's get started!

Recipient Bulk Registration Process Overview

Audience

Healthcare Location Manager

1 To get started, Healthcare Organizations go through the Provider Enrollment process to join the NC COVID-19 Vaccine Program via the CVMS Provider Enrollment Portal

2 Organization approved by NCDHHS will then submit its CVMS HCP Users to be onboarded and granted access to the CVMS Provider Portal

3 Healthcare Location Manager completes Recipient Bulk Upload Template with recipients' details

4 Healthcare Location Manager verifies information and saves the file as a .CSV

5 Healthcare Location Manager uploads the Recipient Bulk Upload file and addresses any errors

6 Uploaded Recipient receives email to register in the COVID-19 Vaccine Portal

7 Uploaded Recipient completes registration, and plans vaccination

Registration in CVMS is NOT REQUIRED to receive the COVID-19 vaccine. Your uploaded recipients may contact a participating COVID-19 vaccinating provider to schedule an appointment to receive the COVID-19 vaccine.

Terminology

CSV File

A type of file saved through Microsoft Excel. To save as CSV file, **select "Save As" → under File Type select ".csv (comma-delimited)"**

**HEALTH AND
HUMAN SERVICES**

Step 1 of 2: Add Employee or Individual Recipient Data to Recipient Bulk Upload Template

To begin the Recipient Bulk Upload process, you will need to collect information on your recipients. Ensure that legal names and real email addresses are captured.

1. Download the **RECIPIENT BULK UPLOAD TEMPLATE** file from the NC Immunization Branch Training page for COVID-19 vaccine providers: https://immunize.nc.gov/providers/covid-19training.htm

2. Enter the following information in the template:

   - First Name

   - Last Name

   - Date of Birth (in MM/DD/YYYY format)

   - Email Address

Note:
- *You may load files with a maximum of 100 Recipient records using the Low Volume tab.*
- *You may load files with a maximum of 5,000 Recipient records at a time using the High Volume tab.*
- *Special characters will not be accepted and will result in failure to create the Recipient's record*

DO NOT create any files with more than 5,000 Recipient records.

Upload your file template

Upload a Low Volume File
(100 or fewer recipients at a time)

If you have 100 or fewer records to upload, start by selecting the **LOW VOLUME TAB**.

We recommend using this method as it will be faster. If you have several hundred employees, you can create multiple files of 100 or fewer records to upload individually.

1. At the top of your Homepage, navigate to the **BULK REGISTRATION TAB**

2. Select the **LOW VOLUME** tab

Once you upload your file, review your data. Please correct any errors before creating your records.

1. **REVIEW** the uploaded data

2. If you find errors or missing information, click **CANCEL**

   • *Clicking **CANCEL** removes the file*

3. If the data looks correct, click the **CREATE RECORDS** button

Audience

Upload a High Volume File
(More than 100 recipients at a time)

If you have a significant number of records to upload at once (over 100 records, but less than 5,000), you will need to use the High Volume process.

1. Click the **High Volume TAB**
2. Click **UPLOAD FILE**
3. Select a file **FROM YOUR DESKTOP**

Unlike the Low Volume process, the content of your file will not appear on the screen prior to completion of your file's upload.

Also worth noting, larger files will take longer to upload. While CVMS processes your upload, you will be able to leave the page and it will continue processing in the background.

If the upload process for High Volume gives an error, use the Low Volume tab instead

1. Click **DONE** once the Upload is complete
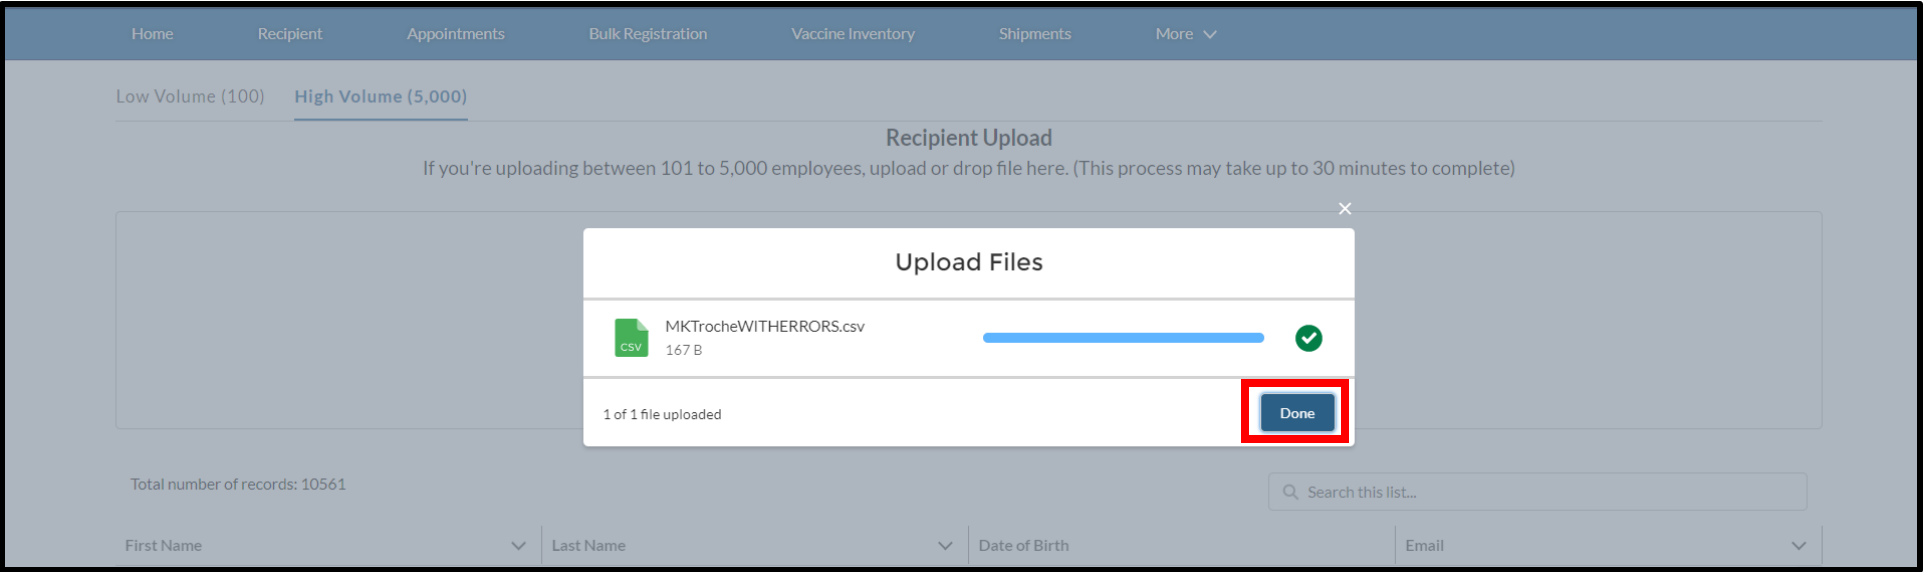

Audience

Tips

This process may take up to 30 minutes to complete.

Once your file is successfully uploaded, you will see a **SUCCESS BANNER** appear at the top of the page. You will also receive an automatic email notification.

If all your recipient records were successfully created, you will receive an email notification with the number of successfully created records.

Successfully loaded recipients will **RECEIVE AN AUTOMATIC EMAIL NOTIFICATION** allowing them to **REGISTER** in the **COVID-19 VACCINE PORTAL.**

Fix File Errors – Potential Reasons for Failure

There are a few reasons why a recipient record may fail to be uploaded – from blank fields to invalid data formats.

Potential Error Messages:

1**. EMAIL ADDRESS IS DUPLICATE:**

- Meaning: The email address you attempted to upload was already found in the system under the same first name, last name, and Date of birth. CVMS does not require a unique email for each recipient, but the system will check the first name, last name, and DOB to see if it's a duplicate.

2. **FIRST & LAST NAME CANNOT BE EMPTY:**

- Meaning: A name value was not entered.

3. **INVALID CHARACTERS:**

- Meaning: A name field contained special characters.

4. **INVALID EMAIL ADDRESS:**

- Meaning: An invalid email address was submitted. CVMS looks for @ sign in email field.

    Note: The EMAIL field can be left blank but if populated, it must be a proper address

5. **DATE OF BIRTH CANNOT BE BLANK**

- Meaning: A Date of birth value was not entered.

6. **INVALID DATE OF BIRTH**

- Meaning: An invalid Date of birth was submitted. CVMS only accepts mm/dd/yyyy date of birth format.

Welcome to the COVID-19 Vaccine Portal

Dear Recipient TestLast2100,

You are receiving this email because your health care provider or employer pre-registered you to receive a COVID-19 vaccine or you provided your email when you received a COVID-19 vaccine from a North Carolina provider.

To access the COVID-19 Vaccine Portal, please click here to create your password. Once you have set-up your password, you will be able to complete the vaccine registration. After you register, you will see which vaccine group you are in and which groups are currently being vaccinated. You will also be able to receive a reminder to get your second dose and access your vaccine record.

You can access the COVID-19 Vaccine Portal anytime at: **https://covid-vaccine-portal.ncdhhs.gov**

You will need your username each time you log in.
